In any case these may not be considered by the Client as reason to request compensation for damages or as any contractual or extra-contractual responsibility for direct or indirect damages to persons and/or things.

4) SHIPMENT AND DELIVERY

4.1 Purchases made through www.sediarreda.com are sent by national couriers to the delivery address indicated in the order.

During the order procedure it is possible to indicate a reference company or place of delivery that is different from the data supplied for the heading of the order and invoice.

4.2 For each order made, Sediarrreda S.r.l. issues a proper accompanying document of the material shipped (Accompanying Invoice or upon client request Transport Document). For the issuance of these documents, the information supplied by the Client in the order shall be used. After issuance of the invoice it will not be possible to make any changes.

4.3 Shipment costs are calculated on the basis of the volume of the merchandise and the destination; the calculation of the shipment expenses may be made on-line, inserting the merchandise into the cart and indicating the province of destination. The estimate is provided without a commitment and does not indicate the conclusion of the order, until the insertion of all the data requested and the relative request of order confirmation.

4.4 The Client may communicate any detail judged necessary for the courier to reach the place of delivery, noting in the order or by e-mail to info@sediarreda.com before shipment of the merchandise from our warehouses.

4.5 Sediarrreda S.r.l. shall provide information to the Client by e-mail of imminent shipment. The e-mail shall contain a copy of the transport document accompanying the merchandise.

4.6 To facilitate delivery Sediarrreda S.r.l. includes free in each order a service of advance notice by telephone made by the courier (this service is not available for UK). With this service the Client is contacted by the courier by telephone to establish the day and time slot of the delivery. It is therefore recommended to insert a telephone number in the order where the Client will always be available to answer. The advance notice by telephone must be considered as a possibility to establish with the courier a delivery within 48 hours of the notice. Any storage costs caused by delivery beyond the terms indicated above (48

hours from the advance notice by telephone) or due to the Client's repeated failed response to attempts made to contact the Client by the courier to arrange delivery shall be completely borne by the Client.

4.7 Standard delivery is made at street level.

4.8 Delivery to other storeys is available, as an added service, only for shipments made within Italian territory. This service involves a variable price supplement according to the volume and weight of the merchandise to deliver. This supplement shall be clearly highlighted, during the order procedure, at the moment of selection of the merchandise. Delivery to other storeys involves only the use of staff, and not lifts, machinery or other special equipment.

4.8B It shall be the responsibility of the Client to confirm accessibility of the merchandise ordered at the delivery place and to indicate any potential difficulties before the departure of the merchandise. Any impossibility to deliver the merchandise itself due to the failure of the Client to verify these conditions may not be cited to cancel the order except against payment to Sediarrreda S.r.l. for the entire expenses related to delivery, management of the return of the merchandise and management of the order.

4.9 Deliveries made to disadvantaged locations, such as minor islands, mountainous areas that are difficult to reach, pedestrian zones and/or zones with limited access for normal means of transport for merchandise and regarding which the Client has not informed Sediarrreda S.r.l. in advance may involve the addition of a supplementary price that shall be communicated to the Client by e-mail as soon as possible and in any case before shipment of the merchandise.

4.10 National and international couriers shall make deliveries from Monday to Friday, in regular working hours regulated and indicated by the same couriers and which cannot be judged by Sediarrreda S.r.l.

4.11 No responsibility shall be accorded to Sediarrreda S.r.l. due to delivery delays ascribed to the chosen shipper.

4.12 The merchandise is packaged carefully at our warehouses with resistant materials suitable to the guaranty of optimum protection during transport.

All shipments are covered by insurance without additional costs. That insurance guarantees and protects the Client in case of damages or loss during transport. To make an insurance claim, at the moment of delivery the Client must check:

- that the number of packages delivered corresponds to what is indicated in the transport document or accompanying invoice.
- that the packages are perfectly intact and not altered, including the wrapping tape.
- that the exterior aspect of the goods corresponds to what is indicated in the transport document or accompanying document (e.g: presence of pallet).

4.13 In case of tampering and/or breakages of the packaging, the Client shall accept the merchandise indicating "With Reservations" describing personally and in a detailed manner the damage on all the copies of the courier's delivery receipt.

Example: "With reservations after noting damaged packaging on the merchandise".

In case of evident damage to the products, the Client may directly refuse the delivery, describing personally on all the copies of the courier's delivery receipt the reason for the lack of acceptance.

Example: "I do not accept the merchandise due to the evident damage to the packaging and the products inside".

4.14 At the moment of delivery the courier must await the exclusive inspection by the Client of the integrity of the packaging. The opening of the packaging and the inspection of the integrity of the products contained in it shall be made later by the Client after concluding the procedures indicated in points 4.12 and 4.13. The original packaging and any accessories must be in any case maintained for the entire duration of the product guaranty, so as to be able to use them for returns, defects or other purposes.

4.15 Once having followed the procedures in points 4.12 and 4.13 and confirming the presence of a damage caused during transport, the Client must communicate this to Sediarrreda S.r.l. within 5 (five) days from the receipt of the merchandise by e-mail, complete with photographic documentation of the packages and the damaged merchandise.

4.16 A Client who for any reason has not followed the instructions indicated above in this contract shall not later make claims against Sediarrreda S.r.l. for any missing or damaged goods caused by the shipper.

4.17 Sediarrreda S.r.l. offers the possibility to pick up material ordered directly at its warehouses in Manzano (Udine), upon prior appointment and without transport expenses.

4.18 Sediarrreda S.r.l. hereby informs the Client that both the packaging and the product, once no longer in use, should not be disposed of in the environment but should be delivered to systems of waste disposal that conform to applicable legislation.

5) PAYMENT MODALITIES

5.1 The prices reported in the product description cards that may be ordered on-line, the transport expenses and those for any added services seen in the shopping cart are quoted inclusive of VAT. Following the method established for purchases the Client may select from among the following types of payment.

5.2 Credit card: in cases of purchasing merchandise with credit card payment, the charge to the credit card is made at the conclusion of the on-line transaction.

In case of failure to accept the order, Sediarrreda S.r.l. shall proceed to the reimbursement by cancellation of the amount from the interbank circuit of the credit card.

Sediarrreda S.r.l. reserves the right to request other information from the Client, such as identification documentation and/or other proof of the ownership of the credit card used. Failing such documentation upon request, Sediarrreda S.r.l. reserves the right not to accept the order.

Payment by credit card is made through the PAGONLINE system of Unicredit Bank.

The form used to send the codes of the credit card is hosted by Unicredit Bank which guarantees the maximum reliability, privacy and security of the transactions thanks to SSL technology (Secure Socket Layer). At no time during the purchasing procedure is Sediarrreda S.r.l. able to read the information relative to the purchaser's credit card, transmitted by protected connection directly to the site of the banking institution that manages the transaction.

The limit on purchases made by credit card payment is 5,000.00 Euros.

5.3 Cash on delivery (valid only for deliveries within Italian territory): in case of purchases against cash on delivery, a supplementary charge shall be added to the total amount, highlighted clearly at the moment of opting for this payment method. The payment, to be made directly to the courier, shall take place at the moment of delivery of the products and may be made, according to the amount of the order, in cash (up to a value of 999.00 Euros), by bank draft (up to a value of 500.00 Euros) or by cashier's cheque made out by a banking institution (postal cheques will not be accepted).

Cashier's or bank cheques must be made out to Sediarrreda S.r.l. and the shipper and/or Sediarrreda S.r.l. may request a copy to be sent in advance by fax or e-mail.

Any modifications to the maximum amounts of the cash on delivery may be varied by the shippers according to their own internal regulations and may not be changed by Sediarrreda S.r.l. or be cited by the Client as reason for cancellation of the order.

For orders sent with the cash on delivery payment method, Sediarrreda S.r.l. reserves the right to request a partial advance payment to confirm the acceptance of the order.

5.4 Advance electronic bank transfer: payment method by advance electronic bank transfer involves the acceptance and validity of the order, only after payment is made by the Client and unequivocal receipt by Sediarrreda S.r.l. of the bank transfer. The data to execute the transfer are communicated on the confirmation page of the order at the end of the on-line procedure and in the e-mail confirming the order sent to the Client. The reason for payment of the bank transfer shall report the order number, name and surname of the person making the order.

Any oversights or discrepancies between the data communicated by the Client in the order and the data inserted in the bank transfer payment may cause delays in the acceptance of the order by Sediarrreda S.r.l.

5.5 PayPal: in case of purchases of merchandise made by PayPal payment, at the conclusion of the on-line transaction, PayPal will charge the relative amount of the purchase made immediately.

6) RIGHT OF WITHDRAWAL

6.1 Under article 64 and successive modifications of Italian Legislative Decree no. 206/05, if the Client is a consumer (that is, a physical person who acquires the merchandise for purposes not referred to their own professional activity, and therefore not making the purchase indicating in the order form a VAT number) he/she has the right to cancel the purchase contract for any reason, without the need to furnish explanations.

Sedarreda S.r.l. shall not respond in any way for the damage or theft/loss of goods returned by shipments that are not insured by the Client.

Upon arrival in the warehouse, the product shall be examined to evaluate any damage or tampering not deriving from transport. If the package and/or original packaging should appear excessively ruined, Sedarreda S.r.l. shall withhold from the reimbursement due the costs of returning these to their original state.

- absence of the external packaging and/or the original internal packing;

- absence of integral elements of the product (accessories, screws, etc.);
- product damage due to causes unrelated to its transport.

In case of expiration of the right of withdrawal the merchandise shall remain at the offices of Sediarrreda S.r.l., available to the Client for pick-up at his/her expense.

6.7 The right of withdrawal may NOT be exercised in the case of purchase of products customised according to instructions requested by the Client and for which colour finishes or sample fabrics chosen and sent by the Client have been used in production.
