

Librerie

Bamboo

Bamboo non è solo una libreria a cremagliera. È un vero e proprio programma d'arredo. Diventa anche spazio home office e un mobile da personalizzare con ripiani, contenitori e vani a giorno.

LIBRERIA MODULARE

Bamboo, progettata dal team interno R&D Dall'Agnese, è una libreria modulare con ripiani in alluminio che paiono ininterrotti, grazie al particolare effetto continuo ideato. In alternativa, ci sono anche i ripiani modulari in legno o gres, che hanno la stessa larghezza del modulo libreria. La struttura può essere tinta all black, ottone anodizzato o presentare dettagli a contrasto e, a richiesta, essere accessoriata con illuminazione a LED.

LIBRERIA A CREMAGLIERA TERRA-SOFFITTO

La versione terra-soffitto di Bamboo può essere usata sia a parete sia come libreria bifacciale da centro stanza alta fino a 3 metri. L'altezza della struttura e dei ripiani, la loro lunghezza e la loro posizione sono configurabili a piacimento.

LIBRERIA A CREMAGLIERA A PARETE

Bamboo dispone anche della versione da fissare alla parete, con altezza su misura. In aggiunta ai ripiani in metallo lunghi a piacere oppure in legno o gres, della stessa larghezza del modulo libreria, è accessoriabile con uno speciale piano a uso scrittoio, con basi sospese ad apertura push-pull e con cubotti sospesi, attrezzabili con ripiani o divisori. Basi e cubotti provengono dalla collezione sistemi a giorno Slim-Up.
