TIGRAM

Tigram: l'arte di giocare con le forme geometriche e trasformarle in divani e poltrone.

Partendo dal concetto del Tangram, antico gioco cinese basato sulla componibilità di 7 forme geometriche con le quali si possono costruire infiniti disegni e figure, Tigram si sviluppa sulla base di forme geometriche semplici, su elementi primari componibili che le permettono di trasformarsi in un insieme complesso di figure liberamente interpretabili sia per chi le progetta, sia per chi le osserva. 7 elementi tra poltrone, divani, pouf e sgabelli, tutti rigorosamente modellati su una base esagonale, con diverse dimensioni ed altezze, disponibili in un'ampia varietà di colori, si uniscono e si separano creando figure e simboli e cromie mutanti come in un caleidoscopio. È una collezione perfetta per arredare locali pubblici che hanno la necessità di arredi flessibili e modulari, facilmente adattabili ai diversi momenti di vita dei luoghi vissuti da collettività in movimento, che mutano continuamente l'ambiente in cui si spostano. Tigram non è solo un insieme articolato, ma anche un singolo pezzo scelto ad hoc per un corner sofisticato o un angolo chiacchiere esclusivo di un ambiente domestico frutto di ricerca e studio, nel quale Tigram si inserisce nella versione con schienale basso, nel ruolo di divanetto discreto o di trono altezzoso.
