

Operative chair – padded seat and backrest– mod. 401

SALICO.401.A09 - SALICO.401.A13  
Gross weight box 14,40 kg – Vol. box 0,15 m<sup>3</sup>

SALICO.401.A11 - SALICO.401.A15  
Gross weight box 14,60 kg – Vol. box 0,15 m<sup>3</sup>

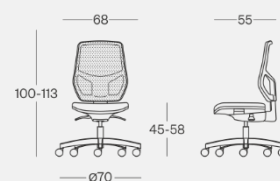

SALICO.401.A10 - SALICO.401.A14  
Gross weight box 15,60 kg – Vol. box 0,15 m<sup>3</sup>

SALICO.401.A12 - SALICO.401.A16  
Gross weight box 15,80 kg – Vol. box 0,15 m<sup>3</sup>

Structure:	<p>Polyurethane foam backrest padding density 30 Kg/m<sup>3</sup>, thickness 40 mm, fire retardant foam according to Italian class 1 , up/down height adjustable backrest with range 80</p> <p>Inner plywood seat , thickness 12mm, polyurethane foam padding density 40 Kg/m<sup>3</sup>, thickness 40 mm, , fire retardant foam according to italian class 1</p> <p>Black PP plastics</p>
Mechanism:	<p><b>mod. MC1AI</b></p> <p>Permanent contact mechanism, possibility to lock the tilt by manual lever.</p> 
	<p><b>mod. MA1AF</b></p> <p>3 levers a-synchronized mechanism, possibility of locking the backrest tilt independently from the seat.</p> 
Armrests:	<p><b>mod. BR218.N</b></p> <p>Height adjustable black nylon armrest with pad - range 75 mm</p> 
Base:	<p><b>mod. BG003.N</b></p> <p>5 star black nylon base Ø 700 mm with castors Ø 65 mm in PP, pin Ø 11 mm:</p> <ul style="list-style-type: none"> <li>• R26 black PP self breaking castors</li> <li>• R27 (optional) hard floor self breaking castors</li> </ul>
	<p><b>mod. BG004.L</b></p> <p>5 star polished aluminium base Ø 700 mm with castors Ø 65 mm in PP, pin Ø 11 mm:</p> <ul style="list-style-type: none"> <li>• R26 black PP self breaking castors</li> <li>• R27 (optional) hard floor self breaking castors</li> </ul> 

The seat is tested according to UNI EN 1335-B norm and under testing for fire retardancy according to Italian 11M approval in SM1 fabrics

SALICO.405.A01 - SALICO.405.A05  
Gross weight box 14,60 kg – Vol. box 0,15 m<sup>3</sup>

SALICO.405.A03 - SALICO.405.A07  
Gross weight box 14,80 kg – Vol. box 0,15 m<sup>3</sup>

SALICO.401.A10 - SALICO.401.A14  
Gross weight box 15,80 kg – Vol. box 0,15 m<sup>3</sup>

SALICO.401.A12 - SALICO.401.A16  
Gross weight box 16,00 kg – Vol. box 0,15 m<sup>3</sup>

## Operative chair – padded seat and mesh backrest– mod. 405

Structure:	Reinforced nylon backrest frame, up/down height adjustable backrest with range 80°, 100% polyester mesh padding, mod. <b>RV</b>  Inner plywood seat, thickness 12mm, polyurethane foam padding density 40 Kg/m <sup>3</sup> , thickness 40 mm, fire retardant foam according to Italian class 1  Black PP plastics
Mechanism:	<p><b>mod. MC1A1</b> Permanent contact mechanism, possibility to lock the tilt by manual lever.</p> <p><b>mod. MA1AF</b> 3 levers a-synchronized mechanism, possibility of locking the backrest tilt independently from the seat.</p>
Armrests:	<b>mod. BR218.N</b> Height adjustable black nylon armrest with pad - range 75 mm
Base:	<p><b>mod. BG003.N</b> 5 star black nylon base Ø 700 mm with castors Ø 65 mm in PP, pin Ø 11 mm:</p> <ul style="list-style-type: none"> <li>• R26 black PP self breaking castors</li> <li>• R27 (optional) hard floor self breaking castors</li> </ul> <p><b>mod. BG004.L</b> 5 star polished aluminium base Ø 700 mm with castors Ø 65 mm in PP, pin Ø 11 mm:</p> <ul style="list-style-type: none"> <li>• R26 black PP self breaking castors</li> <li>• R27 (optional) hard floor self breaking castors</li> </ul>

The seat is tested according to UNI EN 1335-B norm and under testing for fire retardancy according to Italian 11M approval in SM1 fabrics
