

## Description

Puro Eclectic is a new suspension light composition comprising handblown Puro tubes. The primary aim was to create a simple yet linearly dynamic and expressive composition to hang above dining tables. The name Eclectic was chosen based on the variously adjustable diagonal and intercommunicating glass tubes.

## Tech. description

The Puro Eclectic light comprises three Puro tubes suspended from a single ceiling canopy. Each tube is hung from the power cable with Brokis connector and a wire rope. The electronics are housed in the ceiling canopy.
