

ROY

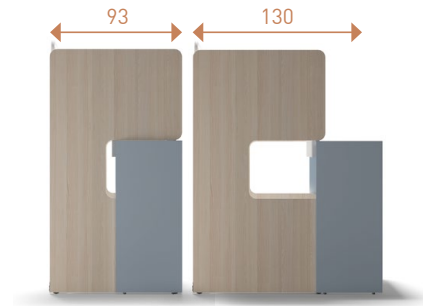

LETTO A CASTELLO SCORREVOLE

Il letto a castello scorrevole Roy rappresenta una soluzione funzionale, ma molto interessante dal punto di vista del design: con l'ingombro di un normale letto (da chiuso occupa 93 cm; da aperto, ha un ingombro di 130 cm), riesce a coniugare fino a 3 letti, libreria, cassetti e contenitori di diverse misure per riporre ogni cosa con ordine.

Roy sliding bunk bed represents a functional solution with an appealing design: you can combine up to 3 pull-out beds, bookcase, drawers and storage boxes of various sizes to keep your things in order, in the space occupied by a standard bed (W. 93 cm closed bed; W. 130 cm opened bed).
